

## 48V-SOLAR-KIT-401/1500WP

48Vdc solar kit for day and night operating obstafash 48Vdc

P/N : 113657

### Key Points

- The initial capacity of the battery allows at least 6 days of autonomy which optimize the lifetime of the battery and minimize the maintenance cost to none
- our regulator controls the light for night only operation and protects the battery against overcharges and deep discharges
- The exact size of our solar panel/battery depends on latitude/longitude
