

Solar kit 50 watts peak 100Ah for OBSTA OFC-RI-SOL medium intensity type B set up with 20 flash per minute (to be ordered separately)

Advantages

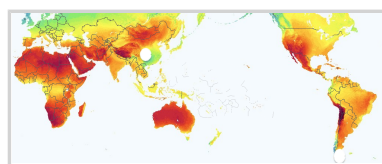

- GEL technology for the battery
- Initial capacity of the battery with 10 days of autonomy offering limited maintenance cost
- Protection of the battery against overcharges and deep discharge
- modular system with easy access for the maintenance
- accessories to attach the solar kit on vertical leg or horizontal leg included

This solar kit is a compact solar generator. Autonomous and maintenance free, easy to run up, the quality of all its components contribute to make this energy kit the ideal solution for OBSTA OFC obstruction lights

OBSTA OFC can be fixed on the solar kit itself, or remotely on the top of the obstacle using the appropriate obsta cable

Note: - The exact size of our solar panel/battery depends on latitude/longitude.

Option bird spike

Mechanical Characteristics	
Attachment	2 brackets for vertical or horizontal leg
